

Technicare

Technicare is the Canadian distributor for Marathon Press and a sponsor of NILMDTS. They will supply brochures at no charge (except shipping) to **active** NILMDTS studios. Also, they will supply up to 10 complimentary 8X10 enlargements to qualified NILMDTS studios for each session they are involved in. Brochures are shipped flat with standard text, but for a nominal charge they can be folded and imprinted. Brochures are available at each of their four Canadian locations and are shipped in multiples of 100. For details, please visit our photographer section of the website - ordering brochures, or the thread in the forum about ordering brochures.

Thank you Ken Duguid, from Technicare; and NILMDTS volunteers, Rima Dickson and Julie Duggan, who shared the work we do at NILMDTS with Technicare and helped secure this partnership for our Canadian members!
