

Your partnership helps NILMDTS:

1. Provide a free gift of professional portraiture to parents experiencing the loss of a baby. NILMDTS volunteer photographers serve over 3500 families worldwide each year.
2. Maintain and continually improve an updated website with accurate records to find photographers when a family is in need of NILMDTS services.
3. Support thousands of photographers across the US and worldwide with ongoing training and technical assistance to assist them in serving families.
4. Continually recruit professional level photographers to volunteer our services.
5. Provide ongoing support to parents with valuable resources.
6. Raise public awareness of our services through a wide variety of media sources, social networks, conferences, and other outlets so no parent finds out about us "too late".
7. Support medical professionals with information about how to use NILMDTS and how to photograph babies if a photographer is not available.
8. Provide families who were unable to receive professional portraits with retouching services.
9. Support parents in conducting remembrance events for their babies.
10. Maintain proper insurance for volunteers.
